THERMALWOOD CANADA

Snap-To-It Siding Profiles

THERMALLY MODIFIED ASH · THERMO-D
FAS SELECT & BETTER · GRAD HIDDEN CLIPS

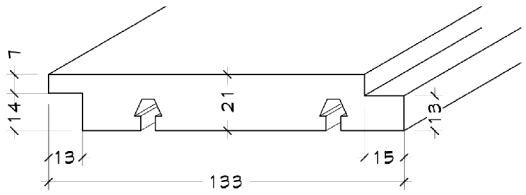

Single Rabbet

5¼" × 13/16" (133 × 21 mm)

A classic shiplap: one wide face per board with an even shadow line where each board overlaps the next.

FACE	One per board
USE	Exterior or interior
FASTENING	GRAD clips

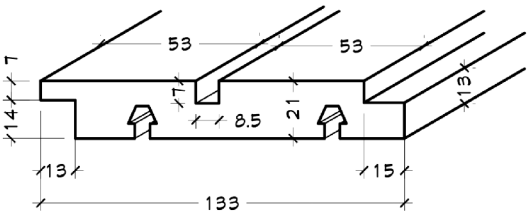

Double Rabbet

5¼" × 13/16" (133 × 21 mm)

A centre groove makes each board read as two narrow boards.

FACES	Two 2" (53 mm)
REVEAL	5/16" (8.5 mm)
USE	Exterior or interior
FASTENING	GRAD clips

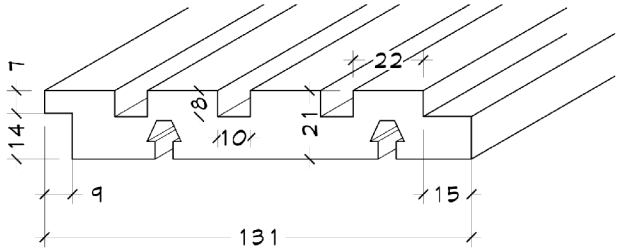

Triple Rabbet

5⅛" × 13/16" (131 × 21 mm)

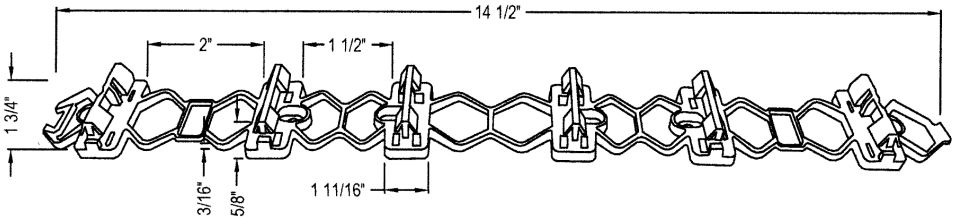

Narrow faces and deep reveals for a slatted look.

REVEALS	3/8" (10 mm)
USE	Exterior or interior
FASTENING	GRAD clips

GRAD Clip

14½" (368 mm) long · Holds three boards, two harpoons each · POM (polyoxymethylene) · Tested for shear in extreme cold

Profile drawings in millimetres; clip drawing in inches. Do not scale; confirm critical dimensions before ordering.
